

The Vt Fire Wardens for Arlington, Sandgate and Sunderland will be loosening the burn ban slightly to allow backyard campfires beginning Thursday evening. Below are some samples of approved fire rings. Please use caution when burning as conditions remain very dry. If available use a screen over the fire to restrict embers from escaping. And fully extinguish all fires before leaving an area unattended by soaking it with water. At this time NO fires requiring a Burn Permit will be issued!

Thank you,
your local Vt State Fire Wardens
